This 100% plant-based biopolymer urn is engineered to fully biodegrade within seven to nine years. The NatureUrn, however, will remain completely sturdy, unaffected by the environment and humidity until placed in soil which will begin the degrading process. It is designed to be equally suitable for display in the home, burial or scattering.

Place the Nature Urn in the ground and plant a tree as a lasting memory of your loved one over the urn. The tree will be well established prior to the urn breaking down.

- Decorative (NON biodegradable) decals for placing on urn are available separately.
